GUIDING IDEAS

At Barnier Public School we believe that:

All children have gifts and talent and all children can learn well

High expectation, excellence and success are for all students

Collaborative goal setting leads to improved student outcomes

Instruction should cater for individual differences

Early intervention is in the best interest of our students

Cooperative learning is vital to the achievement of outcomes

Programs should be inclusive of all our students

The curriculum should be explicit and aligned to the real world

Positive affirmations lead to greater self esteem

We are a community of life long learners
